

Capabilities Statement 2010

DIFFERENTIATORS

Innovation

"Filling in the Gaps"

HMS's foundation began by developing and delivering programs designed to provide a solution to capabilities gaps in Agencies; to strengthen their ability to Counter Terrorism and insurgency.

Credibility

"Practical Experienced SMEs"

HMS has a dedicated staff of Subject Matter Experts who have years of both National and International experience in IED related Counter Terrorism.

Adaptability

"Square Peg in a Round Hole"

HMS understands that different organizations require specific services to satisfy their individual requirements. HMS customizes all services to support their Client's mission

Intelligence-Led Solutions

"Knowledge is Power"

Utilizing the HMS exclusive TRITON database in conjunction with all HMS services ensures program relevance. All HMS technical personnel have access to our in-house intelligence; to maintain a high level of adaptability to changing trends.
